

Comment valider les heures d'AAG en S1 / How to validate your 5 hours of self-study in S1

Choice of Activities:

You could participate in the speaking workshops (les ateliers de conversation) at the Language Resource Centre (le CRL) or any other workshops the LRC offers during the semester. Pick up a “Livret d'Auto-Apprentissage” at the LRC and have it stamped by the instructor after each workshop. You could use other resources at the LRC and validate your study time there too.

At home, you could watch TV series or films in VO, or read comic books, short stories or novels, newspaper articles or other web pages, or do exercises online as per the resources on the platform or other resources you have found. Make a list of new words and expressions you have learnt. Write a one-page summary about what you did and what you learnt during the activities and include your new words and expressions.

You may hand in your summary to Ms Twell at the end of the semester or upload your summary/leaflet to the platform.

Any questions? Just ask Ms Twell: marilyn.twell@univ-lemans.fr
